Student Behavioral Expectations & Expulsion Policies

In connection with our signed behavior contract, which is signed by both the participant and the parent(s), the following guidelines and expectations have been put in place in order to ensure a safe and meaningful experience for the entire group. Those rules with an "*" (asterix) are those which represent a zero tolerance policy, and thus students will be sent home immediately with the additional cost being the full responsibility of the family; in addition, school consequences appropriate to the offense will be applied. If students are in violation of other school policies, program leaders will go through the process of verbal corrective feedback with expectations reinforced, then proceed to a written contract with the student with the purpose of making it clear that further repeated inappropriate behaviors would lead to expulsion from the program with the additional cost being the full responsibility of the family.
